## Invitation

**Lecture by Dr Georgios Kostakos:** *"from Rio 92 to the European Green Deal: Action against climate change at global and European level – achievements and challenges"*.

**Wednesday 8 January 2020** at **15.00**.  
**Room 319** (Law School building).

The Chair Jean Monnet *"The Foundations of European unification: democracy, institutions and policies"* invites you to the lecture by

**Dr Georgios Kostakos**

expert on issues of international governance and climate change, entitled: *"from Rio 92 to the European Green Deal: Action against climate change at global and European level – achievements and challenges"* to be held on **Wednesday 8 January 2020** at **15.00** in **room 319** (Law School building).

Dr. Georgios Koskakos (graduate of the School of Mechanical Engineering of the NTUA and PhD in international relations at the University of Kent - UK) has served with the UN Secretariat in New York between 2000-2012 and on UN missions around the world during the period 1994-96. He has also worked with the Hellenic Foundation for European and Foreign Policy (ELIAMEP) and the University of Athens. In the last four years, he has been a thematic coordinator for climate action with the European consortium Neemo EEIG, which monitors the implementation of actions financed by the EU's LIFE programme. He has co-founded and directs the Foundation for Global Governance and Sustainability (FOGGS) based in Brussels.

Co-funded by the  
Erasmus+ Programme  
of the European Union
